

TITAN Fire and Rescue solutions

THE TITAN FIRECOMM HUC1

is an ideal helmet communication unit for MSA F1, F1SF and F2 helmets. The unit can be connected directly to the radio or to a speaker microphone or a PTT Unit.

THE UNIT COMES IN DIFFERENT CONFIGURATIONS:

1. Listen Only – Left or right ear
2. Loudspeaker and microphone left or right ear
3. Stereo loudspeaker

The in-helmet earphones can be connected directly on the radio or combined together with various PTT options or speaker microphones.

Part number:

HUC1
