

TITAN Motorcycle Helmet System

Schuberth C3 helmet

TITAN MOTORCYCLE HELMET SYSTEM

In close corporation with Schuberth, Germany - Titan has developed a specific audio system for Police motorcycle helmets allowing clear communication up to 180 km/h speed.

The electronic components have been integrated inside the helmet in a way to not diminish the legendary comfort of the Schuberth C3

The EPS helmets parts have been modified to integrate the speakers in the way they are never in contact with the ears of the wearer (all sizes).

With Schuberth we have developed a special microphone holder to hold properly the boom mike inside the helmet in a position "in front of the mouth"

SCHUBERT C3
MOTOCYCLE HELMET

Part number: C3 WHITE

Technical data

Microphone		Speakers	
Microphone capsule:	Electret condenser	Technical specification	
Polar response:	Noise canceling	Electro dynamic transducer	IP 30
Sensitivity (nominal) :	- 34 dB re 1V/Pa or 20 mV/Pa (measured with 5 Vdc, 10kOhm RL)	IP protection:	
Frequency response:	200 Hz to 10 kHz	Temperature range (operation) :	: - 40 °C to + 70 °C
Mic impedance:	2 kohm to 5 kohm	Acceptable relative humidity:	≤ 93 %
Bias range:	2 V to 9 V	Electro acoustical specification	
Water protection :	Waterproof IP67	DC resistance:	15 Ω - 100 Ω - 200 Ω
		Nominal power handling capability:	0,5 W (max. 1 W)
		Nominal sound pressure level:	79 dB (rel. 20 μPa) 1 W, 1kHz, 1 m distance

TITAN Motorcycle Helmet System

Motokit

TITAN MOTOKIT

We have developed a full range of motorcycle helmet audio kits, for the most used helmets. We are specialised in installing any of these helmets with the audio kit. It is also possible to purchase the audio kits for own installation.

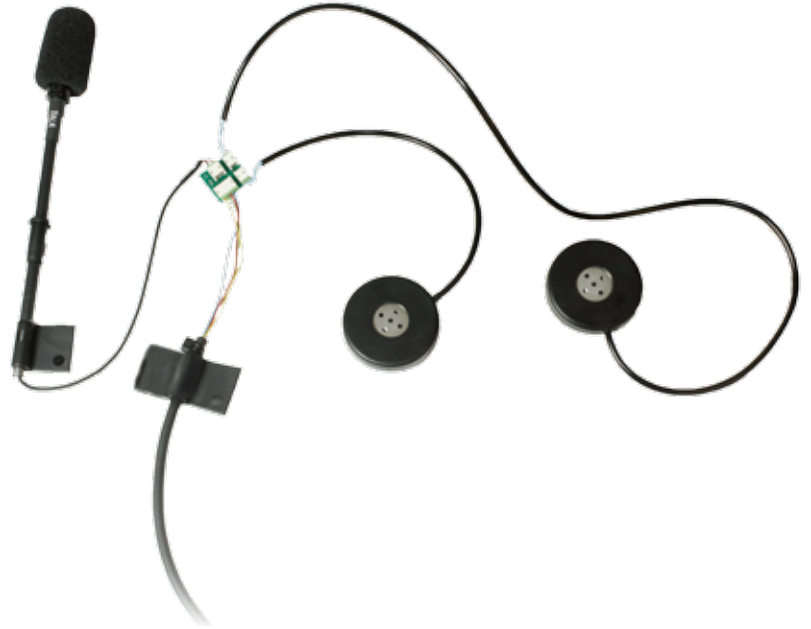

EFFICIENCY

The communication equipments will allow clear communications:

- For city Police up to a speed of 110 km/h
- For road Police up to a speed of 180 km/h

MAINTENANCE

All components (microphone – speakers – connecting cable) are assembled with miniature plugs for maintenance without any tool.

The Titan Motokit works with these Police motorcycle helmets:

NOLAN N 102	●
NOLAN N 103	●
NOLAN N 104	●
NOLAN N43 / N 43AIR	●
BMW SYSTEM 4	●
BMW SYSTEM 5	●
BMW SYSTEM 6	●
SCHUBERTH C3 / C3PRO	●
SHOEI MULTITEC	●
SHOEI NEOTEC	●
SHOEI J-CRUISE	●

Shoie Helmet

Nolan Helmet

* If you want to install the kits by yourself, the best is to indicate the type of the helmet on the purchase order.
